Traffic Impact Bollard  
Model: TIB-67-SA

- Exclusive Traffic Impact Bollard (TIB) designed and manufactured in the USA to protect people and places vulnerable to intentional or incidental vehicle attacks.
- Perfect for downtown public areas, retail storefronts, and restaurants.
- Unique TIB is easily installed to pre-existing sites, and often specified for new construction projects.
- Eliminates “Crash & Grab” events at sites like ATMs, jewelry boutiques, and guns & ammo stores

Meets the  
ASTM SC40  
Standard

Engineered &  
Independently Tested

Stops 2,340 LBS.  
vehicles at 40MPH
